ARTICLE 1

1. TITLE

The following Policy shall be designated as Al Baraka Banking Group (ABG) Policy on Key Persons Dealings & Holdings in Securities.

ARTICLE 2

2. INTRODUCTION

This Policy is issued in compliance with the Resolution No. 16/2010 issued by the Chairperson of Bahrain Bourse on November 4, 2010 and the CBB Rules.

The BB requested all listed companies to implement, comply with, and internally adopt the guidelines on Key Persons issued by it under the above Circular. The rationale behind such guidelines is to maintain a fair, orderly and transparent securities market and to enhance and develop the practices relating to the risk management systems and internal control within the listed companies and other similar institutions.

Therefore, these regulations are to be considered as the basic instructions on the monitoring supervising and handling insiders' issues, in addition to outlining their duties to disclose, and restrict their dealing in their companies' securities.

ARTICLE 3

3. OBJECTIVES

The primary objectives of these regulations is to ensure that all Key Persons in ABG are acquainted with and aware of the legal and administrative requirements regarding their holdings and dealings in its securities, in addition to preventing such Key Persons from any abuse of inside information.

ARTICLE 4

4. DEFINITIONS

4.1 “ABG” means AlBaraka Banking Group (B.S.C).

4.2 BB means Bahrain Bourse

4.3 Beneficial Owner - refers to any person who, even if not the recorded owner of the securities, has or shares the underlying benefits of ownership. These benefits include the power to direct the voting or the disposition of the securities, or to receive economic benefit of ownership of the securities. A person is also considered to be the “beneficial owner” of securities if that person has the right to acquire such securities within a certain period of time, either by option or other agreement. Beneficial owners include persons who hold their securities through one or more trustees, brokers, agents, legal representatives or other intermediaries, or through issuers in which they have a “controlling interest”, which means the direct or indirect power to direct the management and policies of the issuer, or any other entity in question.

4.4 CBB - means the Central Bank of Bahrain

4.5 The CMS Directorate - means the Capital Markets Supervision Directorate at the Central Bank of Bahrain.

4.6 The Committee - means the Key Persons Trading Committee appointed to manage Key Persons and insiders trading, holdings and related issues.

4.7 Connected Person - in relation to:-

(a) an individual means:-

- (i) the individual’s spouse, and his/her son, adopted son, stepson, daughter, adopted daughter, step-daughter, father, step-father, mother, step-mother, brother, step-brother, sister or step-sister; under his/her guardianship or control, or
- (ii) a firm or a corporation in which the individual or any of the persons mentioned in sub-paragraph (i) has control of not less than 10% of the voting power, whether such control is exercised individually or jointly;

(b) a firm or a corporation, means another firm or corporation in which the first-mentioned firm or corporation has control of not less than 10% of the voting power in that other firm or corporation.

4.8 Dealing - (Whether as principle or agent) making or offering to make with any person, or inducing or attempting to induce any person or to enter into or to offer to enter into any agreement for or with a view to acquiring, disposing of, subscribing for, or underwriting securities of the bank. Dealing also includes (but is not limited to) off-exchange transactions, including subscriptions of securities of the bank, as well as transaction relating to securities of the bank that are quoted on another Exchange.

4.9 Key Persons - includes members of the Board of Directors, senior management, ABG itself and such other personas decided by ABG Insiders committee to have access to inside information relating to ABG from time to time.

4.10 Inside Information - means information (a) which is of a precise nature relating directly or indirectly to one or more security or securities; (b) which has not been made public; (c) which, if made public, is likely to have a significant effect on the price of those securities or any related derivative security.

4.11 Insiders - When the term insiders is used in these rules without restriction, it applies to primary insiders, temporary insiders and other insiders, as applicable. All persons who come into possession of material inside information before its public release are considered insiders for the purposes of the CBB Disclosure Policies. Such persons include controlling shareholders, “directors and senior management”, officers and employees, and frequently should also include any officials of the Agency and the Exchange who have access to such information, outside attorneys, accountants, auditors, underwriters, investment bankers, public relations advisers, advertising agencies, consultants and other independent contractors. The husbands, wives, immediate families and those under the control of insiders may also be regarded as insiders. Where acquisition or other negotiations are concerned, the above relationships apply to other parties to the negotiations as well. Finally, for purposes of this Policy, insiders include “tippees” who come into possession of material inside information.

4.12 General information - The following information would be considered to be generally available:

- general market information that has been announced to a stock exchange or is contained in a public announcement by the company concerned;
- information obtained by investment research which is based on information freely made available by companies to the researcher and is generally made available to anyone making similar enquiries;
- published information of investment advisers and brokers.

Before information can be considered to be generally available, a reasonable period must have elapsed after the information was first made known, for the information to be disseminated among investors. Generally, this means that a person who has access to inside information should wait 72 hours after that information is announced publicly before dealing in securities.

All other forms of information should be regarded as not generally available.

4.13 Insider Trading - “insider trading” refers not only to the purchase or sale of an issuer’s equity and debt securities, but also to the purchase or sale of puts, calls or other options with respect to such securities. Such trading is deemed to be done by an insider whenever he has any beneficial interest, direct or indirect, in such securities or options, regardless of whether they are actually held in his name. The concept of “insider trading” includes “tipping”, or revealing inside information to outside individuals, to enable such individuals to trade in the ABG securities on the basis of undisclosed information.

4.14 Market Information - means information consisting of one or more of the following facts:

Means any published information about trading or no-trading in certain types of securities, their number, prices, range of price for trading or the identity of those involved or who may be involved in any capacity such as trading.

4.15 Materiality - information is material if its omission or misstatement could influence the economic decisions of the users taken on the basis of the financial statements.

4.16 Price Sensitive Information - Information will be regarded as price sensitive where a reasonable person would expect the information to have a material effect on the price or value of the securities. A material effect on price or value exists where the information is likely to influence people who commonly invest in securities in deciding whether to subscribe for, buy or sell those securities.

4.17 Share - means a share in the paid-up share capital of ABG and includes stock, except where a distinction between stocks and shares is expressed or implied.

4.18 Temporary Insider means any person who is an insider but not a Key Person.

4.19 Tipping - involves an insider communicating either directly or indirectly inside information to another person when the insider knows or should reasonably know that the other person would or is likely to use that information to deal in securities or to induce a third party to deal in the securities. Tipping is a form of insider trading and is prohibited by the Corporations Law.

ARTICLE 5

5. TRANSACTIONS BY KEY PERSONS

5.1 Any change in the Board of Directors and senior management must be notified immediately to the CBB and BB.

5.2 The rules issued by the CBB and BB should be regarded as applicable to purchases by ABG of its own shares.

5.3 Key Persons wishing to buy or sell in securities of ABG, must first pay attention to the following basic rules, and any other rules issued by the CBB and BB from time to time:-

5.3.1 They should not deal in its securities on considerations of a short-term nature.

5.3.2 That they will always be thought to be in possession of more information than can ever be published. Accordingly, they must accept that they cannot always feel free to deal in ABG securities, even when the rules would not prohibit them from doing so.

5.4 Any Key Person who has knowledge of the exceptional matter in question even if he is not prohibited from dealing he should nevertheless refrain from dealing under the circumstances when the matter in question constitutes unpublished price-sensitive information in relation to ABG securities.

- 5.5** In principle, a Key Person should seek to secure that all dealings in which he is deemed to be interested should be conducted in accordance with the provisions of Article(6) of this Policy.

Nevertheless it is recognized that a Key Person's duty in this respect will depend on the particular circumstances. A Key Person who is sole trustee, for example, should follow the same procedure as for any dealings in his own account, and should deal only if he would be personally allowed to do so under the rules even if he is exempt from the general prohibitions imposed by the CBB law and rules.

Where a Key Person has co-trustees who are not directors of the ABG, he may not be able to ensure that the procedure applicable to his personal dealings is followed in respect of dealings on behalf of the trust. The director/trustee has to avoid acting in breach of trust, and at the same time to refrain from divulging or abusing confidential information.

If a Key Person, whether or not himself a trustee, has as settler or otherwise, an important influence over the decision of the trustee, the procedure applicable to his personal dealings ought to be followed and the trustee should not deal when he personally is not free to deal. Again, the remoteness of some interests may be such as to make the imposition of any duty under Article (6) below impracticable or inappropriate. Article (6) below indicates certain precautions, which should be taken.

No Key Person shall deal, where prohibited from doing so by the law and rules, or make any unauthorized disclosure of any confidential information, whether to co-trustees or any other person, or make any use of such information for the advantage of himself or others.

- 5.6** When a Key Person places investment funds under professional management where either he retains or exercise influence, the managers should be made subject to the same restrictions and procedures as the director himself, in respect of proposed dealings in the ABG securities.

ARTICLE 6

6. GUIDELINES FOR THE TRADING BY KEY PERSONS

- 6.1** If a Key Person is in possession of inside information he/she should contact the Chairman of the bank's Key Persons and Insider's Committee before engaging in any securities transaction.
- 6.2** The same restrictions should apply to dealings by a director or by an employee in the securities of any other listed issue, when by virtue of his position as Key Person of ABG, he is in possession of unpublished price-sensitive information in relation this issue.
- 6.3** Key Person can deal in securities of ABG in compliance with this Policy and regulations without notifying the Committee, except if the volume of the deal or his overall position exceed 0.5% of the total issuance (issued capital), where he needs to notify the committee and obtain a written approval
- 6.4** The restrictions on dealings by a Key Person contained in these rules should be regarded as equally applicable to any dealings by his or her spouse, or by or on behalf of any minor, and any other dealings in which for the purpose of the applicable laws, regulations and rules he is to be treated as interested. It is the duty of the Key Person to seek avoidance of any such dealing at a time when he himself is not free to deal.
- 6.5** Any Key Person who acts as trustee of a trust should ensure that his co-trustees are aware of the identity of any company of which he is a Key Person, so as to enable them to anticipate possible difficulties. A Key Person having funds under management should likewise advise the investment manager.
- 6.6** Any Key Person who is a beneficiary, but not a trustee, of a trust which deals in securities of ABG, should endeavor to ensure that the trustees notify him after they have dealt in such securities on behalf of the trust, in order that he in turn notify ABG.
- 6.7** A list of Key Persons dealing in the securities of ABG since the date of the previous list should be circulated to members of the Committee , or alternatively, the register maintained for this purpose.

- 6.8 ABG shall endeavor to ensure that any Key Persons or directors, who as a board member or individual employee of a subsidiary company and, because of his office or employment in the company or subsidiary, is likely to be in possession of unpublished price-sensitive information in relation to the securities of any listed company, should deal in those securities in accordance with this Policy.

ARTICLE 7

7. Notification of Dealing:

Key Persons shall advise the Committee for its records on details of the dealing by the end of the next business day following the completion of the dealing. The Committee shall immediately file with BB such notifications by Key Person. However, dealing by ABG itself on its shares shall be reported to BB on daily basis if the volume exceeds 1% of the issued share capital; otherwise the dealing will be reported on monthly basis or as required by the Rules.
